

AxTraxNG™ Ultralight

Networked Access Control
Management Software

Rosslare's AxTraxNG™ Ultralight is a Server-Client software management system enabling management of modular networked access control panels. The AxTraxNG™ Ultralight management software is user-friendly, intuitive, reliable, and rich in functionality.

GENERAL DESCRIPTION

AxTraxNG™ Ultralight is an intuitive and user-friendly scalable software platform used for system management, including reporting, backup, firmware upgrades, and more.

AxTraxNG™ Ultralight makes it possible to control and monitor every aspect of onsite access control. The software includes a built-in security system that controls accessibility to the system's database, and logs all performed operations.

MAIN FEATURES

- Password controlled for high level of security
- Compatible with Rosslare's AC-225IP and AC-825IP Access control panels
- Advanced Access Group assignment
- Complete Access Monitoring capability
- User-friendly software with intuitive GUI help reduce the complexity of installation
- Manages user data, photo and information fields, access rights, alarms, strike time, and door mode, all from one central location
- Car parking management
- Card database automation for automatic deletion of unused cards
- Produces reports from acquired data, such as usage reports, attendance records, and visitors
- Available in multiple languages

SPECIFICATIONS

■ DB format	Microsoft SQL Server 2012 Express, password protected
■ DB Backup	Backup now option or clear all now option Complete DB export configuration or by event (selectable backup and restore) Auto file naming for backups Automatic backups
■ DB retention	Programmable period
■ Embedded PDF files	Latest software and hardware manuals

MAIN FEATURES

■ Maximum number of Clients	Local+remote
■ User capacity	500
■ Readers	Support for up to 16
■ Inputs/Outputs	Support for up to 32
■ Supported Access Control Panel Models	225IP AC-825IP with R/S/D/P-805
■ Panel Networks Communication Interface	TCP-IP
■ Time zones	Up to 256 time zones that can be assigned to Access/Reports/Update
■ Holidays	Up to 64 holiday dates
■ Supports multiple reader modes	PIN only, PIN and card, PIN or card, card only, Desktop
■ Alarm handler	Advanced event color coding of Tamper/Ajar/Forced/Antipassback/Input Alarm events with confirmation status

ABOUT ROSSLARE SECURITY

Rosslare Security Products manufactures and markets high-quality security products via its worldwide offices and channel partners. Since 1980, Rosslare has offered high-quality systems for enterprise, small business, and residential applications. With Rosslare, you receive the best of all worlds: world-class product engineering and design; professional customer service spanning the globe; and the quality and affordability of a vertically integrated and self-owned manufacturing facility. Our expansive product range features much more than access control solutions and guard patrol management systems; we also offer applications software – such as License Plate Recognition, Time & Attendance, and DVR/alarm integration.
